Florida MV# MV109411

That Mobile RV Guy is seeking a knowledgeable solar installer to join our team ASAP. We are a fully mobile solar installer specializing in marine, RV, and off-grid solar installations. We are a family owned business based out of Wauchula, FL with a primary operating area in the Southwest Central Florida area. We started doing RV repair and inspections in 2019 and have been doing solar installations since 2022. Our solar installers are vital to That Mobile RV Guy. Our recent growth in client interest has created an opportunity for us to seek a in order to better serve our customers. We have a single bay shop where we can fit RV's up to 38ft. We also offer mobile solar services around Southwest Central Florida.

### **Responsibilities -**

- Install solar system in accordance with American Boat and Yacht Council (ABYC) standards using schematic drawings and instructions
- Assemble solar panel support structures and securely mount solar panels as specified
- Properly size, measure, cut and crimp lugs on cables and wires between solar system components
- Securely and safely mount solar system components
- Identify electrical and safety hazards associated with solar system components
- Integrate solar system components into existing electrical RV and marine electrical systems
- Test, program, and troubleshoot solar systems and components
- Interact with client(s) to explain parts or entirety of solar system
- Help maintain supply lists to ensure the shop/work trailer is properly stocked

### **Requirements -**

- Solar installation experience and familiarity with automotive, marine and/or RV systems
- Familiarity with RV solar systems and components
- Familiarity with the Victron Energy product line, Victron Connect and Victron VRM
- Able to troubleshoot solar systems
- Knowledge of basic electrical tools – wire crimper/stripper, torque wrench, drill, screwdriver, voltmeter, etc
- Able to read and create wire schematics, electrical instructions
- Knowledge of basic trades – electrical, carpentry, metalwork
- Able to receive and follow instructions
- Able to interact with other people in a polite and professional manner
- Basic tool bag a plus (but not required)
- Travel and some weekend work may be required
- Excellent time management and organizational skills

### **Physical Requirements -**

- Must have valid drivers license and reliable personal vehicle
- Able to climb a ladder and work on heights above 10 ft
- Able to bend, crawl, and work in tight and confined spaces
- Able to lift and carry 50+ lbs
- Able to work in 100+ degree weather

### **Pay and Benefits -**

- This is an independent contractor position
- Flexible work schedule.
- Starting pay is \$25-30, based on experience.
- Some travel reimbursements are available.
- Possible future full-time employment opportunities available for right candidate.
- Tools will be provided. Access to discounted RV/marine equipment.
- Opportunity for technical training and certifications.

### **Schedule:**

- Monday to Friday and weekends as needed
- Able to start ASAP
